Technology Education Companion Web Sites

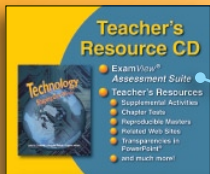

Coming Soon!

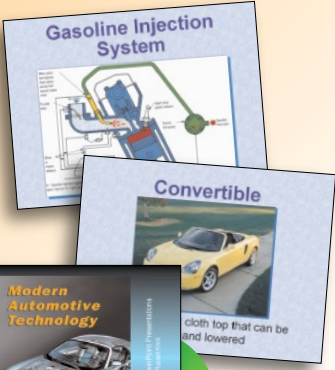

Motivate and engage students beyond the classroom with our **NEW Technology Education Companion Web Sites!** See the back page for more details.

* Free. One per teacher.

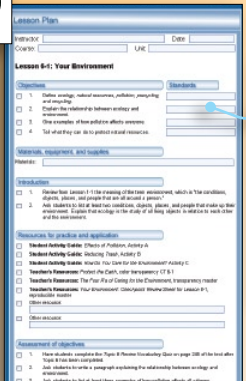

What's New?

Improved *Teacher's Resource* CDs are easier to use, making them a more effective classroom management tool. Partnered with FS Creations, we now offer *ExamView*® Assessment Suite to allow you the best in digital test generation.

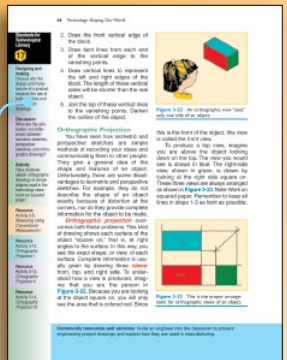

Complementing the *Teacher's Resource* CD are electronic lesson plans. This new feature allows you to quickly prepare customized daily lesson plans using our click-and-print format.

To enhance your classroom presentation, we have converted the color transparencies provided in our Resource Binders into Microsoft *PowerPoint* Presentations.

New *Teacher's Wraparound Editions* include a variety of instructional strategies in the margins of each page. Related Web sites are often cited along with technology applications and cross-curriculum ideas.

Coming Soon!

The **Technology Education Companion Web Sites** motivate and engage students beyond the classroom. The Web sites contain interactive features for **Technology**, **Technology: Design and Applications**, and **Technology: Shaping Our World**. These sites help students to study independently and at their own pace, reinforcing key concepts from their books at school or at home. Matching games, crossword puzzles, quizzes, E-flash cards, and cross-curricular and animated activities are just a few key features! Also included are dynamic glossaries with terms from all three books! And the teacher Web sites parallel the student sites with answers, additional teaching support, and guides to useful Web links. Check out these new sites at www.g-wlearning.com/technologyeducation.
