

# Expanded Contents

## Chapter 1

### Introduction to Architectural Drafting with AutoCAD . . . . . 1

The Evolution of Architectural Drafting . . . . .	2
Careers in Architecture . . . . .	7
The Architectural Design Process . . . . .	16
Architectural Drawings . . . . .	17
Architectural and CAD Standards . . . . .	23
Safety and Health in the Architectural Office . . . . .	24
Student and Professional Resources . . . . .	27

## Chapter 2

### The AutoCAD Environment . . . . .31

Starting AutoCAD . . . . .	32
The AutoCAD Window . . . . .	32
Creating New Drawings . . . . .	42
Opening Drawings . . . . .	43
Saving Drawings . . . . .	44
Getting Help . . . . .	46

## Chapter 3

<b>Drawing Basics</b> . . . . .	<b>53</b>
Drawing Lines . . . . .	54
Point Entry Methods . . . . .	55
Drawing Units . . . . .	64
Introduction to Editing . . . . .	67
Drawing Circles . . . . .	69
Drawing Arcs . . . . .	73
Drawing Polylines . . . . .	79
Drawing Regular Polygons . . . . .	82
Drawing Rectangles . . . . .	85
Drawing Ellipses . . . . .	89
Dynamic Input . . . . .	92
Viewing Your Drawing . . . . .	97
Introduction to Printing and Plotting . . . . .	103

## Chapter 4

<b>Creating Accurate Drawings</b> . . . . .	<b>121</b>
Establishing a Grid on the Screen . . . . .	122
Setting Increments for Cursor Movement . . . . .	123
Snapping to Specific Features . . . . .	127
Using Temporary Tracking to Locate Points . . . . .	141
Using AutoTrack to Locate Points . . . . .	143

## Chapter 5

<b>Layer Management</b> . . . . .	<b>157</b>
An Introduction to Layers . . . . .	158
Layer Management . . . . .	161
Changing Object Properties . . . . .	181
Overriding Layer Settings . . . . .	182
Additional Layering Tools . . . . .	185

## Chapter 6

<b>Basic Editing Commands</b> . . . . .	<b>191</b>
Moving an Object . . . . .	192
Copying an Object . . . . .	193
Selection Methods . . . . .	194
Rotating an Object . . . . .	206
Changing the Size of an Object . . . . .	208
Stretching an Object . . . . .	210
Drawing a Mirror Image of an Object . . . . .	212
Using the <b>EXPLODE</b> Command . . . . .	213
Removing a Section from an Object . . . . .	214
Trimming Sections of Lines, Circles, and Arcs . . . . .	216
Extending Lines . . . . .	220
Changing the Length of an Object . . . . .	222
Revising Polylines . . . . .	226
Joining Objects Together . . . . .	236

## Chapter 7

<b>Grip Editing</b> .....	<b>243</b>
Automatic Editing with Grips .....	244
Using the <b>Properties</b> Window .....	251
Editing Between Multiple Drawings .....	255
Selection Settings .....	258

## Chapter 8

<b>Placing Text on Drawings</b> .....	<b>265</b>
Text Standards .....	266
Text Composition .....	267
AutoCAD Text Fonts .....	267
AutoCAD Text Styles .....	268
Using AutoCAD to Draw Text .....	275
Creating Single-Line Text .....	275
Creating Multiline Text .....	280
Revising Text .....	296
Changing Text Properties .....	297
Working with Fields .....	299
Checking Your Spelling .....	302
Finding and Replacing Text .....	304
Using Text Express Tools .....	305
Additional Text Tips .....	311

## Chapter 9

<b>Creating Symbols</b> .....	<b>317</b>
Creating Symbols as Blocks .....	318
Using Blocks in a Drawing .....	323
Editing Blocks .....	332
Creating Permanent Global Blocks .....	337
Renaming Blocks and Other Named Objects .....	340
Deleting Named Objects .....	341

## Chapter 10

<b>Dynamic Blocks</b> .....	<b>347</b>
Introduction to Dynamic Blocks .....	348
Block Editor .....	348
Parameters and Actions .....	350
Point Parameter .....	351
Linear Parameter .....	355
Rotation Parameter .....	359
Alignment Parameter .....	361
Flip Parameter .....	362
Visibility Parameter .....	364
Polar Parameter .....	368
XY Parameter .....	368
Lookup Parameter .....	369
Base Point Parameter .....	369
Parameter Value Sets .....	369
Multiplier and Offset Options .....	371
Parameter Chain Action .....	371
Parameter Sets .....	372
Modifying Parameters and Actions .....	372

## Chapter 11

<b>Symbol Libraries, DesignCenter, and Tool Palettes</b> .....	<b>381</b>
Storing Symbols as Files .....	382
Assembling a Symbol Library .....	383
Introduction to <b>DesignCenter</b> .....	385
Customizing Content Used in <b>DesignCenter</b> .....	394
Using Tool Palettes .....	395

## Chapter 12

<b>Drawing Setup</b> .....	<b>409</b>
Planning Your AutoCAD Drawing .....	410
Starting a New Drawing .....	410
The Multiple Design Environment (MDE) .....	414
Changing Drawing Settings .....	417
Creating a Template .....	424

## Chapter 13

<b>Preliminary Design</b> .....	<b>431</b>
Introduction to the Planning Process .....	432
Working with Images in a Drawing .....	440
Obtaining Information from the Sketch .....	448
Displaying Information with Fields .....	455

## Chapter 14

<b>Interior Planning</b> . . . . .	<b>465</b>
Space Planning . . . . .	466
Interior Layout . . . . .	473

## Chapter 15

<b>Drawing Site Plans</b> . . . . .	<b>489</b>
Beginning a Site Plan Drawing . . . . .	490
Site Plan Features . . . . .	491

## Chapter 16

<b>Dimensioning and Dimension Styles</b> . . . . .	<b>517</b>
Dimension Arrangement . . . . .	518
Dimension Styles . . . . .	521
Creating Dimension Styles . . . . .	521
Creating Substyles . . . . .	540
Making Your Own Dimension Styles . . . . .	542
Drawing Dimensions with AutoCAD . . . . .	543
Drawing Linear Dimensions . . . . .	544
Dimensioning Angled Surfaces and Auxiliary Views . . . . .	547
Dimensioning Angles . . . . .	548
Location Dimensions . . . . .	551
Using <b>QDIM</b> to Dimension . . . . .	556
Drawing Center Dashes or Centerlines in a Circle or Arc . . . . .	558
Dimensioning Circles . . . . .	558
Dimensioning Arcs . . . . .	559
Drawing Leader Lines . . . . .	561
Using the Properties Window to Alter Dimensions . . . . .	566
Editing Dimensioned Objects and Dimensions . . . . .	567
Using Dimension Express Tools . . . . .	570

## Chapter 17

<b>Drawing Floor Plans</b> . . . . .	<b>577</b>
Drawing Walls . . . . .	578
Adding Doors and Windows . . . . .	586
Adding Stairs and Confirming the Layout . . . . .	591
Creating Angled Features . . . . .	593
Adding Casework and Fixtures . . . . .	597
Adding Dimensions and Text to the Floor Plan . . . . .	600
Matching Properties . . . . .	604
Creating a Working View . . . . .	605
Using Tiled Viewports . . . . .	608

## Chapter 18

<b>Using External References . . . . .</b>	<b>621</b>
Using Reference Drawings . . . . .	622
Placing External References . . . . .	624
Managing External References . . . . .	629
Binding an Xref . . . . .	633
Editing Reference Drawings . . . . .	638
Configuring AutoCAD to Work with Xref Files . . . . .	641
Exchanging Drawings with Other Users . . . . .	644

## Chapter 19

<b>Working with Layouts and Sheet Sets . . . . .</b>	<b>653</b>
Model Space and Layout Space . . . . .	654
Setting Up the Layout . . . . .	655
Working with Viewports . . . . .	661
Controlling Viewport Display . . . . .	668
Adding Annotations and Dimensions . . . . .	671
Setting Up and Managing Layouts . . . . .	674
Using Layouts in a Sheet Set . . . . .	679
Introduction to the <b>Sheet Set Manager</b> . . . . .	680
Working with Sheet Sets . . . . .	689
Working with Subsets . . . . .	690
Working with Sheets . . . . .	691
Publishing a Sheet Set . . . . .	695
Working with Sheet Views . . . . .	697
Working with Callout Blocks . . . . .	700
Working with View Labels . . . . .	705
Working with Model Space Views in a Sheet Set . . . . .	706
Displaying Information on Sheets with Fields . . . . .	708
Creating a Sheet List Table . . . . .	713
Archiving a Sheet Set . . . . .	716

## Chapter 20

<b>Drawing Foundation Plans . . . . .</b>	<b>723</b>
Foundation Systems . . . . .	724

## Chapter 21

<b>Drawing Elevations . . . . .</b>	<b>753</b>
Exterior Elevations . . . . .	754
Creating Elevations for the House . . . . .	756
Adding Patterns to the Elevations . . . . .	766
Finishing the Elevations . . . . .	778
Using Gradient Fills . . . . .	780
Creating Interior Elevations . . . . .	782
Adding Notes and Dimensions . . . . .	787

## Chapter 22

### Drawing Sections and Details . . . . . 795

Sectioning Basics . . . . .	796
Construction Techniques . . . . .	800
Locating the Section . . . . .	804
Drawing the Section . . . . .	806
Creating Details . . . . .	813

## Chapter 23

### Creating Attributes and Interactive Symbols . . 823

Using Symbols with Attributes . . . . .	824
Editing Attribute Definitions . . . . .	829
Using the Properties Window to Edit Attributes . . . . .	830
Inserting Blocks with Attributes . . . . .	831
Changing Attribute Values . . . . .	833
Changing Attribute Definitions . . . . .	834
Using Attributes with Fields in a Title Block . . . . .	836
Creating a Title Block Template for the House Project . . . . .	836
Obtaining Attribute Information . . . . .	837
Recording Information to the Drawing . . . . .	842

## Chapter 24

### Creating Schedules . . . . . 851

Types of Schedules . . . . .	852
Establishing Schedule Information . . . . .	852
Working with Tables . . . . .	854
Editing Tables . . . . .	856
Calculating Values in Tables . . . . .	862
Table Styles . . . . .	867
Importing Table Data . . . . .	870
Exporting Table Data . . . . .	872
Using Object Linking and Embedding (OLE) . . . . .	872

## Chapter 25

### Drawing Framing Plans and Roof Plans . . . . . 881

Creating Framing Plans . . . . .	882
Creating Roof Framing Plans . . . . .	891
Using QuickCalc for Drawing Applications . . . . .	895

## Chapter 26

### Drawing Electrical, Plumbing, and HVAC Plans . . 911

Electrical Plans . . . . .	912
Plumbing Plans . . . . .	917
Heating, Ventilation, and Air Conditioning (HVAC) Plans . . . . .	925
Adding Revision Notes . . . . .	927

## Chapter 27

<b>Plotting</b> . . . . .	<b>935</b>
Setting up a Drawing for Plotting . . . . .	936
Configuring Plot Styles . . . . .	944
Applying the Plot Settings and Plotting the Drawing . . . . .	954
Using Page Setups . . . . .	955
Adding a Plot Stamp . . . . .	956
Plotting to a File . . . . .	958

## Chapter 28

<b>3D Modeling</b> . . . . .	<b>969</b>
3D Basics . . . . .	970
Setting Up AutoCAD for 3D Work . . . . .	974
Creating User Coordinate Systems . . . . .	981
Surface Mesh Modeling . . . . .	988
Solid Modeling . . . . .	995

## Chapter 29

<b>Presentation Drawings</b> . . . . .	<b>1021</b>
Creating a Hidden-Line Drawing . . . . .	1022
Rendering a Drawing . . . . .	1023
The <b>Advanced Render Settings</b> Palette . . . . .	1025
Working with Materials . . . . .	1028
Lighting the Model . . . . .	1040
Creating Views with Backgrounds . . . . .	1046
The Render Environment . . . . .	1049

## Chapter 30

<b>Customizing AutoCAD</b> . . . . .	<b>1055</b>
Hyperlinks . . . . .	1056
Creating Script Files to Automate Drafting . . . . .	1058
Customizing the User Interface . . . . .	1061
Customizing Linetypes . . . . .	1077

<b>Index</b> . . . . .	<b>1091</b>
------------------------	-------------
