Criteria #	SECTION 1: Content Standards, Benchmarks and Performance Standards					
	Publisher Instructions:					
	 Section 1 criteria are scored as to whether the evidence demonstrates application of Bloom's Taxonomy at the higher levels. For Section 1 you may enter four citations per criteria. 					
	Citations for Section 1 will refer to the Student Edition, Teacher Edition, or Student Workbook					
	Reviewer Instructions: Use the Student Edition, Teacher Edition, or Student Wo		tion of the review.			
	Three (3) points: The citation demonstrates Bloom's Level 3.					
	Two (2) points: The citation demonstrates Bloom's Level 2.					
	 One (1) points: The citation demonstrates Bloom's Level 1. Zero (0) points: The citation does not meet Level 1, Level 2, or Level 3. 					
	Content Standard 1: Students will comprehend concepts related to health					
	promotion and disease prevention. Students will:	1st Citation	2nd Citation	3rd Citation		
	9-12 Benchmark 1: analyze how behavior can impact health maintenance and dis	sease prevention:				
	1. differentiate between risks and benefits regarding choices in the areas related to					
1		238, #7	194, #33	314, #23		
	safety; mental, social and emotional well-being; 2. identify alternatives to health risk behaviors in the areas related to sexuality;					
	nutrition; alcohol, tobacco and other drug use; physical activity; personal safety;					
2	mental, social and emotional well-being (i.e., abstinence, condom use, other	281, #13	732, #36	194, Hands-On Activ		
_	pregnancy prevention methods, selection of healthy food choices, "natural highs,"					
	etc.);					
	3. identify ways to avoid health risk behaviors in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety;					
3	mental, social and emotional well-being; discuss and analyze the difference(s)	586, #31	61, #22	62, #30		
	between healthy and unhealthy relationships; and					
4	4. explain how attitude(s) and behavior(s) affect health of self and others.	45, Warm-Up Activity	62, #29	63, #40		
	9-12 Benchmark 2: describe the interrelationships of mental, emotional, social a	nd physical health through	out life:			
5	1. identify and analyze how social systems, peer pressure and family history relate to	146, #6	314, #21	54, Real World Healt		
<u> </u>	mental, emotional, social and physical health throughout life;	140, #0	514, #21			
	2. describe the relationship between actions and consequences in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal					
	safety; mental, social and emotional well-being and the impact on mental, emotional,		004 //44			
6	social and physical health throughout life (i.e., unintended pregnancy, STI/HIV,	84, Research in Action, #3	281, #11	299, #4		
	chronic diseases, addiction, intentional and unintentional injuries, depression, suicide,					
	etc.);					
	3. explain relationship between risk behaviors and health behaviors in the areas					
7	related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being (i.e., drinking and sexual	584, #10	314, #23	60, #10		
	behavior, lack of physical activity/nutrition choices and chronic diseases, etc.);					
	4. describe how emotions affect health behaviors in the areas related to sexuality;					
	nutrition; alcohol, tobacco and other drug use; physical activity; personal safety;					
8	mental, social and emotional well-being (i.e., attraction, love, lust, infatuation, jealousy,	470, #26	449, #7	469, #23		
	anger, etc.); and					
9	5. describe ways to manage stress (i.e., physical activity, relaxation, etc.);	495, #4	498, #27	492, Figure 16.9		
	9-12 Benchmark 3: explain the impact of personal health behaviors on the functi	oning of body systems:				
	1. identify and analyze health behaviors in the areas related to sexuality; nutrition;					
40	alcohol, tobacco and other drug use; physical activity; personal safety; mental, social	0.05 //7	400 //0			
10	and emotional well-being on the functioning of body systrems (i.e., physical activity and the respiratory system, contracting a sexually-transmitted disease and the	265, #7	168, #3	299, #4		
	reproductive system, etc.);					
	2. identify emotional and physical changes that occur during puberty; identify the					
11	impact of health screenings on personal health and wellness; identify ways in which	673 Warm-I In Activity	622, Local and Global	370, #3		
	diseases are transmitted (i.e., HIV, bacterial diseases, viral diseases, etc.); and		Health			
	3. describe how untreated health conditions can affect the functioning of body					
	systems (i.e., an untreated sexually-transmitted infection on the reproductive system,					
12		406, Hands-On Activity	437, #12	89, Real World Healt		
	choices and physical activity on body systems (i.e., weight gain/loss, heart disease,					
	diabetes, etc.).					
	9-12 Benchmark 4: analyze how the family, peers and community influence the h	ealth of individuals:

	484, #2		
	377, #19		
lth	168, #2		

13	1. identify and analyze how family, peers and community can be helpful or a hindrance to healthy behaviors (i.e., family choices for meals, community norms for sexual behavior, etc.);	146, #6	271, #7	311, Real World Hea	
14	2. describe how family, peers and community influence the ability to apply refusal skills in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being;	387, Real World Health	311, #5	470, Hands-On Activ	
15	3. analyze how inappropriate behavior such as bullying, harassment and intentional injury influence the health of individuals; and	574, #6	585, #18	574, #4	
16	4. identify how family, peer and community factors influence personal health choices in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being (i.e., religion, culture, family values, budget, etc.).	,554, #30	271, #5	271, #8	
	9-12 Benchmark 5: analyze how the environment influences the health of the co	mmunity:			
17	1. describe and analyze how behaviors practiced early in life can potentially affect health problems during adulthood in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being (i.e., smoking as a teenager and lung disease, poor nutritional choice and lack of physical activity and chronic diseases, sexual activity/unprotected sex and teen pregnancy/STI/HIV, etc.);	265, #8	299, #5	128, #33	
18	2. demonstrate knowledge of pregnancy prevention and prevention of sexually transmitted infections; understand human reproduction and how pregnancy can be prevented through the use of various methods of contraception, including barrier and hormonal methods; and	712, #6	712, #2	604, Real World Hea	
19	3. understand the concept of sexually transmitted infections and recognize prevention strategies including abstinence, the proper use of condoms and immunizations.	387, #5	406, #31	396, #1	
9-12 Benchmark 6: describe how to delay onset and reduce risks of potential health problems during adulthood:					
20	1. describe and analyze how behaviors practiced early in life can potentially affect health problems during adulthood in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being (i.e., smoking as a teenager and lung disease, poor nutritional choice and lack of physical activity and chronic diseases, sexual activity/unprotected sex and teen pregnancy/STI/HIV, etc.);	265, #8	299, #5	128, #33	
21	2. demonstrate knowledge of pregnancy prevention and prevention of sexually transmitted infections; understand human reproduction and how pregnancy can be prevented through the use of various methods of contraception, including barrier and hormonal methods; and	712, #6	712, #2	604, Real World Hea	
22	3. understand the concept of sexually transmitted infections and recognize prevention strategies including abstinence, the proper use of condoms and immunizations.	387, #5	406, #31	396, #1	
	9-12 Benchmark 7: analyze how public health policies and government regulations influence health promotion and diseaserevention:				
23	1. research local, state and national regulations and policies that influence health promotion and disease prevention in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being; and	279, #3	151, #3	405, #24	
24	2. identify how policies are developed that influence health promotion and disease prevention in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being.	279, #7	470, #24	102, #27	
	9-12 Benchmark 8: analyze how the prevention and control of health problems a	re influenced by research a	and medical advances:		
25	1. identify scientific journals, agencies and organizations that contribute to research and medical advances in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well- being; and	347, #38	325, #2	99, #2	
26	2. analyze how research and medical advances can influence health promotion and disease prevention in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being (i.e., new treatment in diabetes control, etc.)	163, Research in Action	118, #1	277, Research in Act	
	Content Standard 2: Students will demonstrate the ability to access valid health	information and healthpro	moting products and servi	ces. Students will:	
	9-12 Benchmark 1: evaluate the availability and validity of health information, pro	oducts and services:

ction 391, Research in Action		282, Hands-On Activity	
	ction	391, Research in Action	

27	1. explain and evaluate the functions and effectiveness of school and community health information, products and services (i.e., school nurse, school-based health center, public health office, private health care provider, etc.); and	34, #28	346, #30	279, #6	
	2. evaluate health information products and services advertised by media; demonstrate the ability to evaluate health information in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being.	183, #11	20, #7	17, Case Study	
	9-12 Benchmark 2: demonstrate the ability to evaluate and utilize resources from	home, school and commu	nity that provide vali d ealth	n information:	
29	1. evaluate how community resources can be accessed and utilized in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being (i.e., school-based health centers, primary care clinics, school nurse, etc.);	252, #34	194, #36	311, #6	
30	 compare and contrast valid resources in the community in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being; 	523, #21	693, #6	467, Real World Hea	
31	3. identify and devise solutions to barriers for health care (i.e., costs, transportation, culture, accessibility, etc.);	31, Real World Health	12, Research in Action		
32	4. explain how community resources can be accessed and utilized in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being; and	252, #34	194, #36	311, #6	
33	 compare and contrast valid resources in the community in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being. 	523, #21	693, #6	467, Real World Hea	
	9-12 Benchmark 3: evaluate factors that influence personal selection of health p	oducts and services:			
34	 evaluate the characteristics that media uses to influence the selection of health products and services; 	128, #32	132, Warm-Up Activity	252, #37	
35	2. describe influences of cultural beliefs and how they influence personal selection of health products and services;	135, Research in Action, #1	118, #3	712, Real World Hea	
36	3. explain factors in the community that influence health choices in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being (i.e., religion, values, habits, budget, etc.); and		569, #5	279, #7	
	4. demonstrate and discuss ways to avoid risky behavior in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being	184, Warm-Up Activity	403, #2	311, #5	
	9-12 Benchmark 4: demonstrate the ability to access school and community health services for self and others:				
	1. demonstrate the ability to access local health resources in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being (i.e., school-based health centers, primary care clinics, local health facilities, walking trails, etc.); and	696, #22	378, #29	521, Real World Hea	
39	2. demonstrate how to determine the appropriate school and community health services in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being (i.e., where to go for immunizations, wellness check-up, pregnancy/STI/HIV testing, help for depression, treatment for diabetes, etc.)	436, #4	279, #6	35, #40	
	9-12 Benchmark 5: analyze the cost and accessibility of health care services:				
40	1. demonstrate the ability to compare cost and accessibility of health care services in the community and benefits of those that are more affordable (i.e., walking vs. joining a club for exercise, public health clinic vs. private doctor, sexual activity/unprotected sex vs. teen pregnancy/STI/HIV, etc.); and	732, Hands-On Activity	729, Real World Health	125, #5	
41	2. analyze the availability and costs of health care services utilized in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being (i.e., the availability and cost of smoking cessation class, nutrition education programs, prenatal care; etc.).		378, #29	401, Local and Globa Health, #1	
	9-12 Benchmark 6: analyze situations requiring professional health services				
42	1. prepare a plan of action for risk behaviors in situations that may lead to negative physical, social or emotional health consequences (i.e., abuse, bullying, sexual assault, mental health, depression, suicide, domestic violence, teen pregnancy, STI/HIV, etc.);	554, #30	583, Real World Health	438, #20

3. reflect on the possible outcomes of being in dangerous situations and explain different options that could have been chosen (i.e., riding a motorcycle without a helmet, driving a car while intoxicated, having unprotected sex, etc.); and.	406, #32	584, #10	224, Hands-On Activity	732, #36				
4. demonstrate effective negotiation and risk avoidance strategies for avoiding unwanted sexual activity.	744, Case Study	756, #42	575, Warm-Up Activity	583, #4				
9-12 Benchmark 7: evaluate strategies to manage stress:								
1. evaluate stressors and strategies to reduce their harmful effects;	480, Warm-Up Activity	497, #24	479, #7	479, Real				
2. explain the immediate and long-term effects of stress on the body;	484, #5	484, Real World Health	484, #2	489, #1				
3. demonstrate ways to manage stress.	495, Real World Health	495, #6	495, #7	495, 32				
Content Standard 4: Students will analyze the influence of culture, media, technology and other factors on health. Students will:								
9-12 Benchmark 1: analyze how cultural practices can enrich or challenge healt	n behaviors:							
1. explain how cultural practices (both positive and negative) in the school and community contribute to health, safety and personal choices in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional wellbeing;	712, Real World Health	118, #3	686, Real World Health					
2. analyze how the media and culture portray gender roles (i.e., aggressive behavior for boys vs. submissive behavior for girls, media portrayal of sexual behavior for each gender, etc.); and	753, #7	753, Real World Health	455, Real World Health	468, #11				
3. analyze cultural values and beliefs compared with personal values and beliefs in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being.	712, Real World Health	756, Hands-On Activity	305, #4					
9-12 Benchmark 2: evaluate the effect of media and other factors on personal, family, peer and community health:								
1. analyze health-related advertisements and their influences on health behaviors (i.e., messages around sexual behavior, STI/HIV, condom use, exercise, nutrition, violence, alcohol, etc.);	744, Real World Health	304, Health in the Media	84, Research in Action	548, Healt				
2. explain positive and negative health messages from media and other sources in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being (i.e., condom use vs. unprotected sex, smoking vs. nonsmoking, using a seat belt or not, healthy vs. unhealthy eating habits, etc.); and	279, #8	128, #32	151, #4	271, Real				
3. analyze sources that can help to determine if media messages are true or false; demonstrate refusal skills in choices related to media messages	756, #40	17, Case Study	183, #11					
9-12 Benchmark 3: evaluate the impact of technology on personal, family, peer a	nd community health:							
1. analyze the purposes for technology and its impact on personal, family, peer and community health in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being (i.e., internet, medical, conveniences, communication, etc.); and	555, #38	506, Health in the Media	445, Health in the Media					
2. compare and contrast how advances in technology positively or negatively impact personal, family, peer and community health (i.e., use of computers and television vs. physical activity time, effects on communication skills, access to medical care, etc.).	555, #38	506, Health in the Media	445, Health in the Media					
Content Standard 5: Students will demonstrate the ability to use interpersonal c	ommunication skills to enh	ance health. Students will	1:					
	peers and others							
family, peers and others in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being; and	756, #43	403, Real World Health	282, #20	552, #6				
2. compare and contrast effective and ineffective verbal and non-verbal communication skills with family, peers and others in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being	552, #7	530, Warm-Up Activity	537, #6					
9-12 Benchmark 2: analyze how interpersonal communication affects relationsh	ips:							
1. analyze how cultural diversity influences verbal and non-verbal communication; and	544, #6	686, Real World Health	539					
	 different options that could have been chosen (i.e., riding a motorycle without a helmet, driving a car while intoxicated, having unprotected sex, etc.); and. d. demonstrate effective negulation and risk avoidance strategies for avoiding unwanted sexual activity. 9-12 Benchmark 7: evaluate strategies to manage stress: evaluate stressors and strategies to reduce their harmful effects; explain the immediate and long-term effects of stress on the body; demonstrate ways to manage stress. Content Standard 4: Students will analyze the influence of culture, media, technology on the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional wellbeing; analyze how the media and culture portray gender roles (i.e., aggressive behavior for boys vs. submissive behavior for girls, media portrayal of sexual behavior for each gender, etc.); and analyze cultural values and beliefs compared with personal values and beliefs in the areas related to sexuality; runtifion; alcohol, tobacco and other fung use; physical activity; personal safety; mental, social and eutoional well-being. analyze cultural values and beliefs compared with personal values and beliefs in the areas related to sexuality; runtifion; alcohol, tobacco and other fung use; physical activity; personal safety; mental, social and emotional well-being. 9-12 Benchmark 2: evaluate the effect of media and other factors on personal, fa 1. analyze health related advertisements and their influences on health behaviors (i.e., messages around sexual behavior, STI/HIV, condom use, exercise, nutrition, violence, alcohol, etc.); explain positive and negative health messages from media and other gue; physical activity; personal safety; mental, social and emotional well-being (i.e., condom use vs. unprotected sex, smoking vs. nonsmoking, using a seat bel or on, health behaviors (i.e	different options that could have been chosen (i.e., rifug a motorcycle without a helmet, driving a car while intoxicated, having unprotected sex, etc.); and. 406, #32 4. domonstrate effective regoliation and risk avoidance strategies for avoiding unwanted sexual activity. 744, Case Study 9-12 Benchmark 7: evaluate strategies to manage stress: 480, Warm-Up Activity 2. explain the immediate and long-term effects of stress on the body; 484, #5 3. demonstrate ways to manage stress. 495, Real World Health Content Standard 4: Students will analyze the influence of culture, media, technology and other factors on 9-12 Benchmark 1: analyze how cultural practices (act hog use; physical activity, personal activity, personal stely; mental, social and emotional wellbeing; 712, Real World Health 2: explain how cultural practices (both positive and negative) in the school and community contribute to health, safety and porsonal choices in the areas related to sexually, nutrition, alcoch, tobacco and other drug use; physical activity, personal safety; mental, social and emotional well-being. 712, Real World Health 3: analyze cultural values and beliefs compared with personal values and beliefs in the areas related to sexually, nutrition, alcoch, tobacco and other factors on personal, family, peer and community for they sex submissive behavior, 511/HV, condom use, secretee, nutrition, vicende, tobalth, social and emotional well-being. 712, Real World Health 9-12 Benchmark 2: evaluate the effect of media and other factors on personal, family, peer and community for thealthy vise and their influences on health beha	different options that could have been chosen (6.e., riding a motocycle without a heimer, driving a criw while insoluted, having upprotected sex, etc.); and. 406, #32 584, #10 4. demonstrate effective negatistics and tisk avoidance statelegies for avoiding wavened sexual stately. 744, Case Study 756, #42 912 Benchmark 7: avaluate strategies to reduce their hamful effects: 480, Warm-Up Activity 497, #24 2. explain the immediate and long-term effects of stress an the body; 484, #5 484, Real World Health 3. demonstrate ways to manage stress. 485, Real World Health 485, #8 0. Content Standard 4: Students will analyze the influence of culture, media, toch-not perform factors on health. Students will: 942 Benchmark 1: analyze how outural practices can enclos or challenge health behaviors: 118, #3 1. explain how cultural practices the influence of culture, media, toch-not perform factors on health. Students will: 942 Benchmark 1: analyze how outural practices can enclos or challenge health behaviors: 118, #3 2. analyze toru the modia and culture portray gender roles (i.e., aggressive behavior to bays vs. submissive behavior for gifs, media portrayal of sexual behavior for son, to brain motor analty for each perform effective, and a son and behaviors; Th/14, co. aggressive behavior to bays vs. submissive behavior (or gifs, media portrayal	different option if hit could have been chaen (i.e., riding a motorsyste without a hole, ridie and struct and the routh his indicated, having unprotected is exact, and the routh of the ro

Criteria #	# SECTION 2: Other Relevant Criteria					
	Publisher Instructions:					
	Section 2 criteria are scored as to whether the evidence occurs in the instructional material; they are NOT scored using Bloom's.					
	Citations for Section 2 "Other Relevant Criteria" will usually refer to the Teacher Edition, but may refer to the Student Edition.					
	 List one citation per occurrence cell. All three citation occurrences must be found satisfactory by the Reviewer to meet the requirements of the standard. 					
	Reviewer Instructions: Use the Teacher's Edition and the Student Edition to conduct this portion of the review.					
	Zero (0): All 3 citations did not meet the requirements of the standard.					
	 One and a Half (1.5): All 3 citations met the requirements of the standard. 					
	SECTION 2.A: Other Relevant Criteria – Publisher's Criteria					
	Materials aligned with standards provide sequential, cumulative instruction					
	and practice opportunities for a full range of foundational skills. (Specify or					
	cite how the following instructional recommendations occur within this	Occurrence 1		Occurrence 3		
	curriculum.)	Occurrence i	Occurrence 2	Occurrence 5		
107	Academic Vocabulary: Provide focused resources to support students' acquisition of both general academic vocabulary and domain-specific vocabulary.	6, Key Terms	15, Marginal Terms	820-862		
108	Content: Provide clearly stated learning goals and objectives for lessons and tasks.	38, Lesson Objectives	60, Key Points	588, Big Ideas		
109	Content: Provide a scope and sequence that enables students to demonstrate their independent capacity to read and write at the appropriate level of complexity and sophistication defined by the standards.	106, Before You Read	111, Before You Read	119, Before You Rea		
110	Equity: Offer strategies for teachers to meet the needs of a range of learners, including advanced students and those requiring remediation.	IE10-IE14	IE14, Figure IE.2	IE17-IE18		
111	Equity: Provide a balanced representation of people and points of view and is free of bias regarding issues such as race, gender, religion, environment, business, industry, political orientation, careers, and career choices.	29-30	135-137	748-753		
112	Equity: Provide opportunities for teacher and students to integrate with other content areas.	63, Math Practice	103, Reading and Writing Practice	225, Reading and Writing Practice		
113	Assessment: Offer assessment tools that measure student progress.	325, Lesson 11.1 Review	344-345, Chapter 11 Review and Assessment	346-347, Chapter 11 Skill Development		
114	Assessment: Offer varied formative and summative assessment tools, clearly defining which standards are being assessed.	512, Lesson 17.2 Review	522-523, Chapter 17 Review and Assessment	524-525, Chapter 17 Skill Development		
115	Technology and Digital Resources: Materials include teacher supports, strategies and resources in the Teacher Edition that are user-friendly and supportive of student learning.	IE9-IE20	IE3-IE8	66, G-W Learning		
	SECTION 2.B: Other Relevant Criteria – Student/Teacher Edition	·	·	•		
		Occurrence 1	Occurrence 2	Occurrence 3		
116	The material provides pictorials, graphics and illustrations that represent diversity of cultures, race, color, creed, national origin, age, gender, language or disability.	8, Figure 1.1	213, Figure 7.8	462, Warm-Up Activi (image)		
117	The material provides a variety of cultural perspectives used within the lesson content to account for various cultural/background experiences.	116-117	138, Local and Global Health	679, Real World Hea		
118	The material provides an introduction to the lesson including the comprehension questions (i.e., focus questions or guiding questions) the student will be expected to answer at the conclusion of the classroom instruction.	501-502	508			
119	The material provides activities for students to make interdisciplinary connections to science, language arts, math, music, art and sports plus connections with their personal experiences.	63, Math Practice	103, Reading and Writing Practice	554, Hands-On Activ		
120	The material provides references to support student learning such as a glossary and word lists.	558, Key Terms	820-862	68, Key Terms		
121	Within each lesson of the Teacher's Edition, there are clear measurable learning objectives and opportunities for differentiated instruction.	198, Lesson Objectives	338, Lesson 11.2 Review	569, Lesson 19.2 Review
