Students will demonstrate knowledge, skills, and strat		
enhance self-concept and rel	=	
·	·	
Objective 1: Develop strategies for a healthy self-	22, 23 (Skills for Health and Wellness), 24 (Real	
concept.	World Health), 117, 438 (#19), 451-453, 455 (#1-	
a. Recognize how personal self-concept relates to	5), 677-678	
interactions with others.		
b. Analyze the influence of personal values on		
individual health practices.		
c. Determine how adolescent brain development		
affects self-concept and social interactions.		
d. Use decision-making skills to solve problems.		
e. Create personal goal-setting strategies to promote a		
healthy lifestyle.		
Objective 2: Identify strategies that enhance mental	116-117, 118 (#3), 134-138, 139 (#7), 446, 449	
and emotional health.	(Real World Health), 462-467, 467 (#1-7), 491-	
a. Identify positive ways to express emotions.	495, 495 (#1-7), 515	
b. Explore the risk and protective factors of mental and		
emotional health.		
c. Analyze how societal norms, cultural differences,		
personal beliefs, and media impact choices, behavior,		
and relationships.		
d. Apply stress management techniques.		
e. Discuss strategies for suicide prevention.	502 507 500 542 547 524 524 (#24)	
Objective 3: Examine mental illness.	503-507, 509-512, 517-521, 524 (#24)	
a. Review types of mental disorders.		
b. Explain the effects of mental disorders on individuals		
and society. c. Describe ways to eliminate the stigma associated		
with mental illness.		
d. Investigate school and community mental health		
resources.		
Objective 4: Create and maintain healthy	23-24, 531-537, 539-544, 546-551, 554 (Hands-	
relationships.	On), 560-561, 565-569	
a. Review components of healthy relationships.	011,, 300 301, 303 303	
b. Develop and practice effective communication skills.		
c. Explore methods of managing inappropriate or		
harmful comments and advances from others (e.g.,		
bullying, cyber-bullying, peer pressure, sexual

harassment). d. Determine healthy ways to accept, manage, and adapt to changes in relationships (e.g., coping with loss and grief). e. Apply interpersonal communication skills (e.g., assertiveness, refusal skills, negotiation, conflict management). **STANDARD 2** Students will use nutrition and fitness information, skills, and strategies to enhance health. Objective 1: Describe the components and benefits of 69-79, 81-89 proper nutrition. a. Describe the primary nutrients and their functions. b. Evaluate how the United States Department of Agriculture's Seven Guidelines and the most current Food Pyramid can enhance proper nutritional choice. c. Analyze and employ healthy food choices (e.g., reading food labels, calculating calorie intake). d. Identify and investigate community nutritional resources. Objective 2: Analyze how physical activity benefits 170-183. 185-191 overall health. a. Describe the elements of physical fitness (e.g., muscular strength and endurance, cardiovascular endurance, flexibility, body composition). b. Develop strategies for maintaining life-long fitness and avoiding the consequences of inactivity. c. Identify and investigate available fitness resources. d. Create individual fitness goals. Objective 3: Recognize the importance of a healthy 107-110, 112-118, 134-137 body image and develop appropriate weight management behaviors. a. Explain how caloric intake and energy expenditure affect body weight. b. Explore the short and long-term effects of poor nutrition and inactivity (e.g., obesity, chronic diseases). c. Evaluate the strengths and weaknesses of various body-weight indicators (e.g., Body Mass Index [B.M.I.], waist circumference, body fat percentage calculators). d. Examine the causes, symptoms, and the short and long-term consequences of eating disorders. e. Analyze the influence of media on body image. **STANDARD 3** Students will demonstrate health-promoting and risk-reducing behaviors to prevent substance abuse. Objective 1: Examine the consequences of drug use, 259-265, 282 (Hands-On), 287-292, 294-299, misuse, and abuse. 311 (Case Study), 324-325, 327-336, 341 a. Explain short and long term effects of alcohol, tobacco, and other drugs (e.g., brain

development/function, the multiplier effect, fetal	
alcohol spectrum disorders).	
b. Describe the importance of guidelines for the safe	
use of medicine (e.g., over the counter drugs,	
prescription drugs, herbal supplements).	
c. Recognize, respect, and communicate personal	
boundaries for self and others.	
d. Identify legal consequences for the abuse of alcohol,	
tobacco, and other drugs.	
e. Evaluate the impact that the use/abuse of alcohol,	
tobacco, and other drugs has on families and	
communities.	
Objective 2: Analyze the risk and protective factors	270-271, 276-279, 282 (#20), 302-305, 307-310,
that influence the use and abuse of alcohol, tobacco,	311 (#1, 5, 6), 339-340, 341-342, 343 (#3, 5)
and other drugs.	
a. Discuss risk and protective factors associated with	
alcohol, tobacco, and other drug use and abuse.	
b. Examine the impact of peer pressure on alcohol,	
tobacco, and other drug use and abuse.	
c. Evaluate media and marketing tactics used to	
promote alcohol, tobacco, and other drug products.	
d. Advocate for healthy alcohol, tobacco, and other	
drug policies in home and community.	
Objective 3: Access information for treatment of	274-275, 279 (#3), 309, 311 (#2, 3, 6), 342-343,
addictive behaviors.	346 (#30)
a. Describe methods of professional intervention for	
those affected by addictions.	
b. Examine practices that will help support a drug-free	
lifestyle.	
c. Identify community resources available to support	
those impacted by substance abuse.	
STANDAF	RD 4
Students will demonstrate the ability to apply prevention	n and intervention knowledge, skills, and processes
to promote safety in the home	, school, and community.
Objective 1: Identify personal behaviors that contribute	185-191, 342 (Skills for Health and Wellness),
to or detract from safety.	385 (Personal Profile), 386 (Skills for Health and
a. Develop strategies to avoid unhealthy or potentially	Wellness), 406 (#29), 579 (Skills for Health and
dangerous situations.	Wellness), 787-788
b. Explore how participation in healthy lifestyle activities	
includes safety considerations (e.g., safety equipment,	
including protective gear and seatbelts, exercise warm-	
up and cool-down, preparing for exercise in severe	
weather conditions).	
c. Create personal safety and disaster plans for home,	
school, and community.	
Objective 2: Recognize emergencies and respond	785-803, 805 (#45, 47)
appropriately.	
a. Describe how immediate response increases a victim's	
chance for survival.

Web www.g-w.com Orders 800.323.0440 Phone 708.687.5000 Fax 708.687.5068

b. Demonstrate proficiency in basic first-aid and Cardio-	
Pulmonary Resuscitation (CPR) and use of an Automated	
External Defibrillator (AED).	
c. Evaluate personal responsibility to fellow citizens in	
critical emergency situations.	
Objective 3: Assess and respond appropriately to	534-536, 537 (#1), 542-543, 544 (#1), 546-549,
harassment and violent behaviors.	549-550, 551 (#1), 569, 576-583
a. Describe abusive behaviors (e.g., threats, harassment,	
bullying, assault, domestic abuse).	
b. Examine methods to prevent and report violence at	
home, school, and in the community.	
c. Practice skills for maintaining healthy relationships.	
Objective 4: Examine the dangers of inappropriate use	585-586, 563, 564 (Research in Action)
of current technology.	
a. Discuss use and misuse of current technology (e.g.,	
Internet, email, websites, instant messages, cell phones).	
b. Determine the short and long-term dangers of sharing	
private information when using current technologies.	
c. Explore personal and legal consequences for using	
technology inappropriately and discuss school and LEA	
policies.	
d. Analyze violence in the media and how it impacts	
behavior. STANDAI

Objective 3: Analyze the impact of sexually	383-387, 389-396, 398-403, 406 (#28-32)
transmitted diseases including human	
immunodeficiency virus (HIV) and acquired immune	
deficiency syndrome (AIDS) on self and others.	
a. Identify the pathogens and modes of transmission of	
common sexually transmitted diseases. Terms of a	
sensitive nature will be defined to help explain modes	
of transmission.	
b. Recognize signs and symptoms of common sexually	
transmitted diseases (e.g., HIV/AIDS, chlamydia,	
gonorrhea, herpes, syphilis).	
c. Discuss the advantages of abstinence over other	
methods in preventing sexually transmitted diseases.	
d. Recognize the importance of early detection, testing	
and treatment for sexually transmitted diseases.	
Objective 4: Analyze the impact of disease on self and	354 (Local and Global Health), 411-413, 413
society.	(Real World Health)
a. Explain economic, physical, mental, social, and	(a. Trona health)
emotional effects of communicable diseases.	
b. Discuss economic, physical, mental, social, and	
emotional effects of non-communicable diseases.	
c. Compare the cost of preventative measures with the	
treatment costs for communicable and non-	
communicable diseases.	
STANDA	RD 6

b. Describe how personal relationships evolve over
time, focusing on changes in friendships, family, dating
relationships, and marriage.

- c. Develop and use effective communication skills including being able to discuss questions on sexuality with parents and/or guardians.
- d. Develop strategies for preventing sexual harassment.
- e. Identify people, resources, and services that may help with personal or relationship issues.

Objective 3: Establish guidelines that promote healthy and positive dating relationships.

- a. Analyze how personal values impact dating behaviors.
- b. Identify skills for maintaining healthy relationships, and discuss unhealthy behaviors in dating and other personal relationships (e.g., violence, coercion, selfishness, manipulation, aggression, drug use).
- c. Demonstrate refusal skills as they apply to situations involving pressure to be sexually active, and identify alternative strategies that support the decision to abstain from sexual behavior.
- d. Evaluate messages about sexuality from society, including the media, and identify how those messages affect attitudes and behaviors.
- e. Explain how laws relate to relationships and sexual behavior.

23, 385-386, 387 (Real World Health), 396 (Real World Health), 403 (Real World Health), 548 (Health in the Media), 546-551, 576-577, 741 (Health in the Media), 743-744, 744 (Real World Health)

Objective 4: Understand the importance of abstinence, the responsibilities related to sexual development, and the challenges associated with teen and/or unintended pregnancies.

- a. Describe how sexual abstinence before marriage and fidelity after marriage contribute to overall wellness (e.g., physical, mental, social, emotional).
- b. Analyze the responsibilities, joys, demands, and challenges of parenthood.
- c. Identify means of prevention of early and/or unintended pregnancy and sexually transmitted diseases (e.g., abstinence, disease prevention, contraception/condom use).
- d. Identify adoption as an option for unintended pregnancy, and discuss the Newborn Safe Haven Law.
- e. Explain the importance of an annual physical examination as well as breast and testicular self-examinations.

21 (Warm-Up), 31, 238 (Real World Health), 385-386, 396 (Real World Health), 405 (#30), 636, 648-650, 652-655, 658 (#27, 29), 701-706, 708-712, 714-719, 721-729, 732 (#33-36, Hands-On)
