Foundations of Financial Literacy

©2018, 10th Edition
by Sally R. Campbell and Robert L. Dansby

A comprehensive framework for learning about personal financial literacy

This text teaches students how to make wise financial decisions that will help them lead productive lives, achieve financial security, and prepare for college and careers.

- You Do the Math activities focus on math skills that are important to understanding personal finance, and a Math Skills Handbook provides a quick reference for basic math functions.
- Portfolio activities provide students an opportunity to create a personal portfolio for use when exploring volunteer, education and training, or career opportunities.
- The text aligns with the National Standards in K–12 Personal Finance Education published by the Jump\$tart Coalition for Personal Financial Literacy® and Precision Exams Personal Financial Responsibility exam.
