The ***Nursing Assistant: Essentials of Holistic Care*** provides the knowledge and skills needed to become a certified nursing assistant. With the text's sharp focus on holistic care, students will learn how to perform the procedures required of nursing assistants while integrating and considering patients' and residents' bodies, minds, and spirits. The rich, visual, **step-by-step procedures** in this book illustrate techniques necessary to work in a variety of healthcare settings, including long-term and acute care. **Professional videos** help students visualize the steps they must master for the certification competency examination. **Practice test questions** are accompanied by numerous reinforcement, **critical thinking**, and application activities and provide an opportunity for students to prepare for the certification competency examination.
