

<b>Goodheart-Willcox Publisher Correlation of <i>The Nursing Assistant, Brief Edition: Essentials of Holistic Care</i> ©2023 to State of Texas Prometric CNA Program 2020</b>		
<b>STANDARD</b>		<b>CORRELATING PAGES</b>
<b>Written (Knowledge) Test Content Outline</b>		
I.	Role of the Nurse Aide	
I.A	Personal responsibility	
I.A.1	Reporting requirements	4, 6-8, 42, 45, 46, 47, 288-289, 291-293
I.A.2	Promotion of personal health and safety	
I.A.3	Promotion and protection of resident rights	45-46, 524, 544
I.A.4	Time management and work prioritization	138-139
I.A.5	Workplace standards, including ethical and unethical behaviors	11-15, 44-47, 50, 51
I.A.6	Nurse Aide Registry	4
I.B	Nurse aide as a member of the health care team	
I.B.1	Job responsibilities of the nurse aide, including duties and limitations	6-15
I.B.2	Interdisciplinary team member roles	35-36
I.B.3	Teamwork principles (e.g., collaboration, cooperation, sharing information, customer service)	14, 35-36
I.B.4	The care planning process and implementation	115-117
I.B.5	Nurse aide's responsibility to provide care according to the care plan	116-117
I.C	Interpersonal relations/communication skills	
I.C.1	Communication principles	255-257
I.C.2	Communication types	256
I.C.3	Factors affecting communication	258-260
I.C.4	Therapeutic communication techniques	260-262
II.	Promotion of Safety	
II.A	Potential hazards in the healthcare environment	57-61
II.B	Common injuries of residents (e.g., skin tears and shearing, falls, spills, burns, bruises)	65-68, 76-82
II.C	Risks related to common injuries	65-68, 76-82
II.D	Safety and comfort	
II.D.1	Comfort needs of the resident	421-426

II.D.2	Accident prevention including fall prevention protocols	65-68
II.D.3	Restraint techniques and alternatives	69-75
II.D.4	Legal implications in the use of restraints	69
II.D.5	Risk factors for elopement (resident leaving without staff knowledge)	
II.E	Safety devices (e.g., wanderguard, alarms)	
II.F	Infection prevention and control	
II.F.1	Maintaining a clean environment	153-168, 174-175
II.F.2	Factors that contribute to spread of disease-causing organisms	145-146, 149-151
II.F.3	Signs and symptoms of infections	148-149, 151
II.F.4	Practices that decrease the risk of exposure to disease-causing organisms	153-169
II.G	Emergencies	
II.G.1	Emergency and disaster response protocols	86-103
II.G.2	Immediate life-safety techniques	86-103
II.G.3	Evacuation procedures	106
III.	Promotion of Function and Health of Residents	
III.A	Personal care skills	
III.A.1	Feeding	469-471
III.A.2	Bathing	415-419
III.A.3	Perineal care, including catheter	431-434
III.A.4	Foot/nail care	428-431
III.A.5	Mouth care	424-428
III.A.6	Skin care	440-448
III.A.7	Toileting	483-508
III.A.8	Grooming	419-423
III.A.9	Dressing/undressing	434-438
III.B	Health maintenance/restoration	
III.B.1	Promoting circulation and skin integrity (e.g., specialized mattresses, chair cushions, positioning)	237, 306-311, 318, 415
III.B.2	Nutrition and hydration	452-464, 476-482
III.B.3	Sleep and rest needs	405-410
III.B.4	Elimination (bowel and bladder)	483-508
III.B.5	Mobility, including bed mobility	302-339
III.B.6	Effects of immobility	65, 303, 317, 303, 545
III.B.7	Care and use of assistive devices	319-327
III.C	Age-related changes	
III.C.1	Cognitive (e.g., memory) changes	208, 210, 259-260

III.C.2	Psychosocial (e.g., relationships) changes	209-211
III.C.3	Physical changes	209-211, 228
III.D	Psychosocial needs of residents	
III.D.1	Fundamental human needs (e.g., Maslow's Hierarchy of Needs)	128-130
III.D.2	Emotional support strategies	6, 70-72, 244, 543
III.D.3	Intervention strategies to assist residents in coping with losses and adjustments to nursing home placement (e.g., control, autonomy, privacy)	121
IV.	Basic Nursing Care Provided by the Nurse Aide	
IV.A	Routine, chronic, non-life threatening situations	
IV.A.1	Observation and reporting of physical changes	291-298
IV.A.2	Observation and reporting of behavioral changes	291-298
IV.B	Acute emergency situations	
IV.B.1	Chest pain	91
IV.B.2	Cardiac arrest	88-91
IV.B.3	Respiratory distress	93-94
IV.B.4	Difficulty swallowing	211, 224, 225, 226, 243, 245, 328, 463
IV.B.5	Choking/aspirations	96-99
IV.B.6	Vomiting	94, 96, 100
IV.B.7	Seizures	100-101
IV.B.8	Changes in mobility, speech, or other potential signs of stroke	92-93, 483
IV.B.10	Diabetic situations	228-230
IV.B.11	Changes in level of consciousness	89, 98, 99-100
IV.B.12	Falls	65-68
IV.B.13	Bleeding	101-103
IV.B.14	Burns	94-95
V.	Providing Specialized Care for Residents with Changes in Health	
V.A	Physical problems	
V.A.1	Common physical impairments and related care	65, 209-210, 461-471, 544-545
V.A.2	Providing for safety, care, and comfort of residents with physical impairments	65, 209-210, 461-471, 544-545
V.A.3	Impact of impairment on resident safety, care, and comfort	65, 209-210, 461-471, 544-545
V.B	Psychological problems	

V.B.1	Common psychological impairments and related care (e.g., confusion, anxiety, depression, delirium, phobias, addiction)	513-518, 546
V.B.2	Special considerations for the safety, care, and comfort of residents with psychological impairments	518, 520-534
V.C	Care of the dying resident and post-mortem care	
V.C.1	Grief process	540
V.C.2	Responding to the emotional needs of the resident, other residents, family and caregivers in the grief process	541-542, 543-546
V.C.3	Factors influencing responses to grief (e.g., spiritual beliefs, culture, past experience)	538-540
V.C.4	Physical changes and needs as death approaches	544-546, 548-550
V.C.5	Post-mortem care procedures	550-553
<b>Clinical Skills</b>		
I.	Clinical Skills List	
I.A	Ambulate the resident using a transfer/gait belt	320-321
I.B	Assist resident needing to use a bedpan	486-488
I.C	Change bed linen while the resident remains in bed	398-400
I.D	Change resident's position to a supported side-lying position	308-309
I.E	Dress a resident who has a weak arm	434-436
I.F	Empty contents of resident's urinary drainage bag, and measure and record urine output on an Intake and Output (I&O) form	493-495
I.G	Feed a resident who is sitting in a chair	469-471
I.H	Measure and record a resident's radial pulse	353-354
I.I	Measure and record a resident's respirations	356-357
I.J	Provide catheter care to a female resident who has an indwelling urinary catheter	490, 492-493
I.K	Provide foot care to a resident who is sitting in a chair	429-431
I.L	Provide mouth care to a resident who has a denture	424-428
I.M	Provide mouth care to a resident who has teeth	424-426

## Goodheart-Willcox Publisher

18604 West Creek Drive • Tinley Park, IL 60477 • 800.323.0440 • [www.g-w.com](http://www.g-w.com)

I.N	Provide perineal care to a female resident who is incontinent of urine	
I.O	Provide resident hand and nail care	428-429
I.P	Provide resident a partial bed bath and back rub	416-419
I.Q	Provide resident with passive range of motion (ROM) exercises to one elbow and wrist	334
I.R	Provide resident with passive range of motion (ROM) exercises to one shoulder	333
I.S	Provide resident with passive range of motion (ROM) exercises to one hip, knee, and ankle	335-336
I.T	Transfer the resident from the bed into a wheelchair using a pivot technique and a transfer/gait belt	313-315
